Long-Term Loans with Low Monthly Payments!

★★★★★ 2 months ago

I have nothing but good things to say about my experience with a pool loan and Viking Capital, Inc! I wasted a month of my time with another company that said it could do a large pool loan and they were unable to perform. I applied with Viking Capital, for the same size loan, and it was completed in less than two weeks!

The process was straightforward. Communication was clear and prompt. I wasn't left in the dark wondering if I was going to get financing for my project!

Thank you for being so professional! The years of experience with large projects, such as mine, shows. I wish I would have known about Viking Capital, before I wasted so much time with the other company that claims to be able to do the same thing.
